EDUCATION

- **BACHELOR OF INFORMATION TECHNOLOGY**
UNIVERSITI TEKNOLOGI MARA (UiTM), PERLIS
2022 - Present
CGPA : 3.64
- **DIPLOMA IN COMPUTER SCIENCE**
UNIVERSITI TEKNOLOGI MARA (UiTM), KEDAH
2019 - 2022
CGPA : 3.83
- **Sijil Pelajaran Malaysia (SPM)**
SMK Sultan Yussuf
2018
4 A

PROFESIONAL SKILLS

- **CODEIGNITER 4** : Excellent
- **FLUTTER** : Intermediate
- **REST API** : Intermediate
- **JAVASCRIPT** : Excellent
- **PHP & MYSQL** : Excellent
- **C++** : Intermediate
- **FIGMA** : Excellent

PROJECT UNDERTAKEN

- **SMASHON APP**
Developed a mobile app for booking badminton courts and chat system using the Flutter framework and Firebase, with Gmail integration for user authentication.
- **MELODY MEMBERSHIPS SYSTEM**
Developed a web-based membership subscription platform using CodeIgniter 4 and MySQL.
- **SWIFTSTAY**
Developed a web-based hotel booking platform seamlessly integrated with the Booking.com API.
- **FIGMA**
Created design layouts for mobile applications using Figma for multiple projects, including FreshCart, MyTab, and MyWallet.

WORKING EXPERIENCES

BLUEVY PLT | PHP DEVELOPER Intern

Sep 2021 - Jan 2022

Key responsibilities :

- Updated and transformed the existing system by migrating from Laravel blade files to Vue.js, ensuring a more modern and efficient frontend architecture.
- Applied effective debugging techniques to identify and rectify issues within the Vue.js codebase, optimizing the system's performance and user experience.
- Added missing functionalities and integrated essential plugins to enhance the overall capabilities of the system, addressing gaps in functionality and improving user satisfaction.
- Implemented user-centric design principles to make the system more intuitive and user-friendly, resulting in an improved and seamless user experience.
- Developed a new Vue.js page, incorporating best practices in frontend development to ensure a cohesive and responsive user interface.

BIG ONE TIMBER MOULDING | OPERATOR Part Time

August - Sep 2022

Key responsibilities :

- Operated machinery to process various types and sizes of wood for painting, demonstrating precision and attention to detail.
- Proficiently handled machine operations to change wood patterns, ensuring the accurate and efficient production of painted wood products.
- Managed and organized trolleys loaded with wood, optimizing workflow and facilitating smooth processing.
- Successfully achieved and exceeded daily wood processing targets, demonstrating a commitment to productivity and efficiency.

- | | |
|-----------|--|
| 2022-2023 | Dean's List for Semesters 3 through 5 during my degree program |
| 2022 | Vice Chancellor's Award (ANC) Recipient (Diploma)
CGPA 3.83 |
| 2019-2022 | Dean's List for all semesters, totaling four semesters during my diploma |
| 2018 | TM EDUCATION 2018 - Second Runner-Up at the National Level. |
| 2018 | Champions at the District Level - Creative Mind Technology by GITYOUTH UTP 2018. |

MAJOR COURSE

DEGREE

- **SEMESTER 3**

Introduction to Computer and Programming, Fundamental of Algorithms and Computer Problem Solving, Pre-Calculus, Interactive Multimedia, Integrated Language Skills Listening, Fundamental of Islam and Kesatria Negara

- **SEMESTER 4**

Object-Oriented Programing, Computer Organization, Calculus I, Integrated Language Skills Reading, Islamic Thought and Civilization, and Introduction Financial Accounting and Reporting.

- **SEMESTER 5**

Introduction to Database Design, Fundamentals of Data Structure, Practical Approach of Operating Systems, Digital Electronics, Discrete Mathematics, Integrated Language Skill Writing, Integrated Language Skill Writing and Kesatria Negara II.

- **SEMESTER 6**

Introduction to Web and Mobile Application, Information System Development, Programming Paradigm, Introduction to Data Communication and Networking, Introduction of Probability and Statistics, Fundamental of Entrepreneurship and Kesatria Negara III.

DIPLOMA

- **SEMESTER 1**

Introduction to Computer and Programming, Fundamental of Algorithms and Computer Problem Solving, Pre-Calculus, Interactive Multimedia, Integrated Language Skills Listening, Fundamental of Islam and Kesatria Negara

- **SEMESTER 2**

Object-Oriented Programing, Computer Organization, Calculus I, Integrated Language Skills Reading, Islamic Thought and Civilization, and Introduction Financial Accounting and Reporting.

- **SEMESTER 3**

Introduction to Database Design, Fundamentals of Data Structure, Practical Approach of Operating Systems, Digital Electronics, Discrete Mathematics, Integrated Language Skill Writing, Integrated Language Skill Writing and Kesatria Negara II.

- **SEMESTER 4**

Introduction to Web and Mobile Application, Information System Development, Programming Paradigm, Introduction to Data Communication and Networking, Introduction of Probability and Statistics, Fundamental of Entrepreneurship and Kesatria Negara III.

LANGUAGES

- **MALAY** : Excellent
- **ENGLISH** : Intermediate
